

# Swap Body

Member of NEUMO-Ehrenberg-Group

"AWH swap body as mobile material store"

With rising mounting costs, AWH offers you a solution to your cost problems. The swap body with internal dimensions of over 7 metres provides interesting opportunities to save costs. The high crane hire costs associated with a normal container are eliminated.

### Advantages

- no building site equipment
- the swap body is set up in the assembly area; time-consuming materials transport is eliminated
- safe, clean and dry holding of assembly material
- no building site closure costs
- no problems with excess material
- if the volume is uncertain, AWH will equip the swap body with appropriate reserves
- costly reordering of small quantities is eliminated

Advantages

## Dimensions

- outside length: 7.45 m
- inside length: 7.30 m
- outside width: 2.55 m
- inside width: 2.46 m - 2.49 m\*
- outside height: 2.75 m
- inside height: 2.47 m - 2.54 m\*
- loading width
  - on container doors: 2.44 m - 2.47 m\*
- loading height
  - on container doors: 2.41 m - 2.47 m\*
- parking height: 1.22 m / 1.32 m or 0.97 m / 1.32 m\*

## Weights

- permissible total weight: 16,000 - 18,000 kg\*
- dead weight: appr. 2,850 kg\*
- loading volume: appr. 45 cbm\*

## Paint

- inside / outside: white RAL 9002/9010

## Standard Equipment

- telescopic support legs
- keyhole plates
- crash protection plate on the front wall
- plug-in ascension ladder
- container doors
- electrical connection: 220 / 380 Volt
- interior lighting

## Additional Equipment

- shelves: 0,75 x 0,40 x 6,5 m
